What is the Global Fragrance Conference

The Global Fragrance Convention is an exquisite international showcase dedicated to the art and future of designer fragrances, niche, and indie scents. This fragrance event serves as a destination for visionaries and connoisseurs, uniting fragrance houses, perfumers, creative directors, and collectors from around the globe in an elevated sensory experience.

Celebrating fragrance in its fullest expression, the Global Fragrance Convention goes beyond fine perfumes to present a meticulously curated world of luxury body oils, scented lotions and creams, artisan soaps, candles, and sophisticated home fragrances—all crafted with intention, artistry, and distinction.

As the first truly inclusive fragrance conference, it acts as a bridge connecting cultures, creators, and fragrance lovers, while honoring craftsmanship, innovation, and the power of scent to transcend borders.

Where the world's finest fragrances converge, this is the ultimate fragcon for everyone passionate about scent.

Our Vision

At FRAGCON, our vision is to create a global home for fragrance. We believe scent is more than a product. It is artistry, culture, memory, and connection. Our goal is to bring together fragrance lovers, creators, brands, and industry professionals from around the world in one shared space where discovery, education, and community thrive.

We envision a future where fragrance is celebrated without barriers, where independent artisans stand alongside luxury houses, and where every attendee feels part of something larger than themselves. FRAGCON exists to unite the fragrance world and elevate the experience of scent for everyone.
